Internal awards are automatically used to pay the student's outstanding fees. **Preference in funding decisions will be given to students in years 1-2 of their MSc or years 1-5 of their PhD.** Students beyond these years will be considered under exceptional circumstances (financial circumstances, i.e. family emergency). The length of support from OSOTF awards is up to 1 year and is not renewable; new applications may be submitted for subsequent competitions.

Please review the attached **Guidelines for Applicants** to ensure you are eligible for this award.

2026-2027 Departmental OSOTF Awards Guidelines

Introduction

The Ontario Student Opportunity Trust Fund (OSOTF) awards are a series of awards that have been developed through the Provincial Government, which set up a matching program in 1996/97. The Province provided 1/3 of the funding, matched by another 1/3 from the University and a final 1/3 from the donor. The adjudication of the awards is organized by your graduate unit or the awarding department.

The Provincial Government held 2 matching program periods resulting in establishing OSOTF and OSOTF II awards. Any donations not matched through the OSOTF II program when it ended, the Government made the match through The Ontario Trust for Student Support (OTSS) program. All three programs hold the same general criteria as outlined below.

Purpose

The OSOTF Awards provide financial support for full-time registered graduate students (primarily M.Sc. and Ph.D.) in the Faculty of Medicine. Prospective and returning students are eligible to apply. These funds contribute towards the annual minimum funding commitment for doctoral-stream students.

Students in professional masters programs with significant coursework and internship/practicum/clinical placement components are not eligible for these awards.

Value & Duration

Amounts available from OSOTF, OSOTF II and OTSS endowed Awards will be based on the annual income (interest earned) generated from the endowments.

The length of support for OSOTF awards is for up to one academic year and is not renewable, however, new application may be made for subsequent competitions.

Eligibility to Apply

Graduate units ensure nominees meet eligibility criteria, including:

- OSOTF awards are restricted to individuals who meet all of the following criteria at the time of application:

 2. Canadian citizen, Permanent Resident of Canada or Protected Persons under subsection 95(2) of the Immigration and Refugee Protection Act (Canada) at the time of the application.

 - Ontario is the last province in which student has lived for 12 months in a row without being a full-time postsecondary student; or
 - Student lives in Ontario now and has lived in Canada for less than 12 months in a row.

 - Student and parent(s) have lived in Canada for less than 12 months in a row.

The above requirements are established by OSAP to determine Ontario residency for OSAP purposes.

- Preference in funding decisions will be given to students in the following year of study at time of tenure of award (e.g., 2026-27 academic year):
 - **Year 1-2 of their M.Sc. or**
 - **Year 1-5 of their Ph.D.**
 - PhD students transferred from Masters have their PhD registration back-dated to the date of entry into the MSc program for calculating their year of study. E.g., a 2025-26 MSc student in year 1 transferring to PhD in 2026-27 will be considered PhD year 2 in 2026-27.
 - Students beyond these years will only be considered under exceptional circumstances. Graduate Units must have an explanation noted in their adjudication file for any students selected beyond these years.

Adjudication

- Graduate units/Award Departments are responsible for adjudicating the OSOTF Awards and selecting their top students based on academic excellence, individual award's eligibility requirements; **however, financial need is the primary consideration for OSOTF awards.**

2. Are Canadian citizens, permanent residents of Canada or protected persons under subsection 95(2) of the [Immigration and Refugee Protection Act \(Canada\)](#) at the time of the application; and
3. Are residents of Ontario at the time of the application, as defined by one of the following criteria:

If student is married/common-law, student can be considered an Ontario resident if:

- Spouse has always lived in Ontario; or
- Ontario is the last province in which spouse has lived for 12 months in a row without being a full-time postsecondary student; or
- **Both** of these statements are true:
 - Student lives in Ontario now; and
 - Student and spouse have lived in Canada for less than 12 months in a row.

If student qualifies as a dependent student, student is considered an Ontario resident if:

- **Both** of these statements are true:
 - Student lives in Ontario now; and
 - Student and parent(s) have lived in Canada for less than 12 months in a row.

The above requirements are established by OSAP to determine Ontario residency for OSAP purposes.

Demonstration of Financial Need:

1. **Provide reasonable academic related expenses**. Financial need is normally demonstrated with a negative or very modest positive balance (less than \$500) in the Financial Needs Assessment Form (e.g., Total Expenses higher than Total Resources). Showing a sizeable positive balance in the budget will normally not be considered as demonstrating financial need unless extenuating financial circumstances are reported in the budget (e.g., in the “Notes” section of the Financial Needs Assessment Form).
2. The minimum funding commitment for doctoral-stream (MSc or PhD) or funded course-based master’s students **must be** declared in Resources under ‘awards’ and/or ‘Supervisor’s Research Grant’ sections of the Form.
3. Students living with dependent(s) and/or a spouse/partner may have additional expenses and resources. Expenses may vary according to individual student needs and requirements.

Expected Resources (estimated basic resources for a typical full-time domestic doctoral-stream student with single marital status studying at U of T for one academic year):

Awards – Any awards, scholarships or studentships that have been confirmed to be awarded to you at the time of the OSOTF application should be reported. For example, \$15,000 OGS or a \$40,000 CIHR Doctoral Research Award. If funding for the upcoming academic year is not known yet (e.g., waiting for award results), report the expected total funding amount in the ‘Supervisor’s Research Grant’ section.

Supervisor’s Research Grant – Doctoral-stream students are offered a minimum funding commitment established at each Graduate Department. Your funding commitment is derived from multiple sources. Your supervisor may also provide funding from his/her research grant, up to the amount of your funding commitment.

Teaching and/or Research Assistantships – Some students may obtain a RA or TA position during their studies to gain academic experience and earn extra income. This is treated as employment income and does not contribute toward the students’ funding commitment in the Faculty of Medicine.

Other Income – Include employment income that is outside of your funding commitment (e.g. work-study, off-campus employment, paid internships).

Income of Spouse/Partner – Spousal or partner net income and expenses must be reported.

OSAP/UTAPS – If you have applied and are eligible for government student loans (e.g., Ontario Student Assistance Program) for your upcoming studies, provide the assessed/estimated eligible amount.

Available student line-of-credit / bank loan - Only include the amount currently available to you through your student line-of-credit or bank loan.

Accessible savings - Only include the total amount of savings you currently have access to (i.e., money that you could withdraw today, that is not locked into an investment). Include any RESP funds that you expect to withdraw to fund your education for the upcoming year.

Expected Expenses (estimated basic costs for a typical full-time domestic doctoral-stream student with single marital status studying at U of T for one academic year): Please refer to the UofT Expense Guide (to be updated)

Tuition & Incidental Fees – As tuition for the upcoming year will not be posted until July, enter your fees for the current academic year as an estimate. Review the Tuition Fees Schedules at <https://studentaccount.utoronto.ca/tuition-fees/> for detailed information.

Books & Supplies

Residence/Rent/Mortgage plus utilities

Food & Household supplies

Transportation – This expense will vary depending on where you live. Typically, students will rely on public transportation such as the TTC and/or GO train (<https://www.ttc.ca/Fares-and-passes>)

Medical/Dental - The Graduate Students Health Plan included with tuition fees provides students with a health benefits plan that covers many expenses not covered by a basic health-care plan (i.e. OHIP). Include medical expenses not covered by OHIP and the Graduate Students Health Plan.

Clothing - This cost may vary per year.

Additional Information - A short explanation for special circumstance may be provided here. Any outstanding debt from previous educational studies (e.g., OSAP) should be listed here.

Note: (TO BE UPDATED)

- For OSOTF assessments, the provincially determined (OSAP) allowable claims may be taken into consideration to help determine need. For example, in 2024-25 (additional details in UofT Expense Guide 2024-25)
