

UHN Library & Information Services Update

All library sites across UHN will be closed starting on Wednesday, March 18 2020, and will remain closed until further notice. During this time, reference and research services remain available. [Contact your information specialist via email to arrange](#). If you're unsure of your information specialist, please contact tim.tripp@uhn.ca.

Access to online resources as e-books, journals, and research databases remains available through our Virtual Library at UHNLibraries.ca – trainees can access library resources remotely from this URL, no VPN needed! They will be prompted to log-in with their UHN email, or T-ID when attempting to access certain resources.

For more information, or if you have any general inquiries, please contact the Director of UHN Libraries, Tim Tripp at tim.tripp@uhn.ca
